Tanvi Juneja

Lead Business Analyst at REA Group
Gurugram, Haryana, India

Summary

Hi, I'm Tanvi Juneja, a Business Analyst and Product Owner with over a decade of experience helping teams build meaningful digital products.

I specialize in product discovery, agile delivery, and stakeholder alignment, with hands-on expertise in Jira, Miro, JPD, Glean, and AI-powered knowledge management tools.

I enjoy connecting strategy to execution, making every sprint deliver real value, and using smart tools to make teams more effective — while keeping the human touch central to every decision.
